Junior Project Engineer (m/f/d) for Process Engineering

Wintershall Holding GmbH, based in Kassel, Germany, is a wholly-owned subsidiary of BASF in Ludwigshafen. The company has been active in the extraction of natural resources for 120 years, and in the exploration and production of crude oil and natural gas for over 85 years. Wintershall focuses on selected core regions where the company has built up a high level of regional and technological expertise. These are Europe, Russia, North Africa, South America, and increasingly the Middle East region. The company wants to expand its business further with exploration and production, selected partnerships, innovation and technological competence. Wintershall employs some 2,000 staff worldwide from 50 nations and is now Germany’s largest, internationally active crude oil and natural gas producer.

Take the chance by joining Wintershall to become part of BASFs global team and apply for a start from October 2019 for our headquarters in Kassel.

What you can expect
Our Division Global Facility Engineering Oil & Gas plans and operates facilities worldwide for oil as well as gas both On- and Offshore.
- As a project engineer (m/f/d) you will work in an international project together with interdisciplinary engineers (m/f/d).
- Moreover, you work on different project phases of conceptual design, feasibility studies as well as the detail engineering up to the conversion and support during commissioning.
- With your expertise you take over the project controlling and monitor the compliance with contracts and construction.
- You will also conduct HAZOP studies and safety review meetings for the facilities.

What we expect
- You have completed a Master’s degree in chemical, mechanical or process engineering and you have ideally gained professional experience in an international environment.
- Furthermore, you are passionate about technical as well as organizational management and are interested in interacting with all levels of the organization.
- You are open to start projects in different locations worldwide and apply your knowledge even in challenging situations in an international context.
You promote a good team climate as well as a good cooperation in the team and communicate safely in German and in English.

**We offer**
Responsibility from day one in a challenging work environment and "on-the-job* training as part of a committed team.

Competitive compensation including attractive benefits as well as excellent career opportunities in an international company.
