Digital Service Centre Analyst
Location: Europe

Would you like to gain work experience in a global organisation? This unique opportunity will allow you to relocate to Lisbon, Dublin or Poland for 12-24 months with Accenture contributing towards your relocation.

We are looking for motivated and enthusiastic individuals who speak and write in one or more European languages alongside English.

If you join Accenture you can make great ideas happen for some of the world's most dynamic companies. Choose a career at Accenture and enjoy an innovative and global work environment where important and interesting work is part of daily life. With Accenture’s integrated global organisation, resources and deep technical know-how, we collaborate with clients to nurture ideas and deliver results.

Job description
As a Digital Service Centre Analyst you will be reviewing the data of a Fortune 500 company. Success in this position requires exceptional reviewer skills and desire to apply problem solving skills; ability to thrive in a dynamic, team-focused environment and a passion for helping others achieve results.

Place in the organization
Accenture is operating a global Digital Customer Marketing Centre of Excellence for a global Fortune 100 technology company.

Responsibilities
- As a Digital Service Centre Analyst, you will be responsible for reviewing content on the internet to make sure it adheres to the client’s policies
- Achieve performance objectives and standards to ensure world-class service to the client’s user base
- Provide vital product insights and feedback on digital client products

Qualifications
- Fluent in English and at least one additional language: Spanish, Dutch, German, Italian, Arabic, Hebrew, Portuguese, Turkish or French.
- Must have exceptional typing accuracy skills

Required Skills and Experience:
- BA or BS degree in any field considered a plus but not a requirement
- Fluent in the language being hired for
- Understands cultural and socio-political current events of the country(s) represented by the language(s) the candidate is fluent in
- Work experience in marketing, languages or technology
